

Dear Sir/Madam:

My name is Tikiyah Orosco. I am attending Buttonwood Bay Nazarene primary school in Belize City. I am 12 years old. I like to go swimming at Y.W.C.A and help my mother around the house.

In 2014, I started "Learn To Swim" program. However I didn't get chosen for the competition because I hadn't learnt all the techniques. Then in 2015, I was more excited because I began training in the deep part of the pool. I was chosen to compete in the short distance swimming. I was so proud of my self because I won 2 second place medals.

I believe that you should continue this swimming program because other children need to swim. I would like to learn more techniques as well so I can be a better swimmer. I believe swimming is important because if someone is drowning and there is no life guard about, the person who knows to swim can save that person in trouble.

Sincerely yours,
Tikiyah Orosco
Tikiyah Orosco
