Toddlers' Saturday Classes – Testimonial by Parent Christopher Coombs

August 24, 2015

Dear YWCA,

Thank you for having the summer swim classes again. It's a wonderful event I experienced as a young man and to continue again through my two children fills me with joy. Call it a new tradition. The new generation of swim teachers took great care of my young boys and after the fourth session the youngest, 3 years of age, no longer fears the water, but often asks when we will return. Once more thank you for the classes and be sure to know we'll be back soon.

Sincerely,

Christopher Coombs and sons

(Nathaniel and Nathan Coombs)
